

# Creating a Radio Check Box AcroForm Sample

By Thom Parker, WindJack Solutions, Inc.

The Radio Buttons below are really Check Boxes made to look and act like Radio Buttons. Check Boxes will act like Radio Buttons if they have the same name but different export values. The export value is set on the “Options” tab of the Check Box’s Properties Dialog.

## Radio CheckBoxes:

Option 1

Option 2

Option 3

## Ordinary Radio Buttons:

Option 1

Option 2

Option 3
